

## Dedicated To Flavor.

Devanco Foods prides itself on developing and crafting the best meat products on a global scale. From American favorites like Hamburgers, Italian Beef, and Chicken Patties to international specialties like Italian Sausage, Gyros, Chicken Gyros, and Beef Bacon. We use the highest quality ingredients and focus on creating products that exceed expectations.

### Vision

We are realizing the full potential of our talented team, creating products second to none, on time, under the highest safety guidelines, at a price that creates profits for all.

### Mission

To be the most innovative food manufacturing company. Produce the highest quality products that create value while maintaining unequivocal relationships with our customers.

## Innovation through Dedication to Quality.

We provide leadership and innovation to our partners in retail and Food Service that exceed expectations. We achieve this through our quality assurance team of food scientists, chefs, technicians, and category managers. Their drive to uncover better and more efficient ways to deliver exceptional flavor coupled with state-of-the-art technology and equipment has resulted in dedicated client partnerships.

## Consistency and Commitment.

We are committed to quality and food safety. Our team participates in ongoing and regular training in food safety, product handling, and personal hygiene. Our team, our passion, and our mission are supported by vigilant supervisors to ensure that practices and training are regularly and consistently implemented throughout the entire process.
